**III.A. & B. Tuition and Fees**

Describe any actions taken by the State to limit increases in tuition and fees imposed by public IHEs for in-State students:

Entry from previous timeframe:

**In 2007, there was legislation passed with the intent of creating more predictability and accountability in the setting of tuition and fees at Indiana public institutions. Those new laws include: \*\* A state educational institution is required to set tuition and fee rates for a two-year period. (IC 21-14-2-6) \*\* These rates must be set on or before June 30, or sixty days after the state budget bill is enacted into law, whichever is later. (IC 21-14-2-7) \*\* A state educational institution shall hold a public hearing before adopting a proposed tuition and fee rate increase. The state educational institution shall give public notice of the hearing at least ten days before the hearing. The public notice must include the specific proposal for the tuition and fee rate increase and the expected uses of the revenue to be raised by the proposed increase. The hearing must be held on or before May 31, or thirty-one days after the state budget bill is enacted into law, whichever is later. (IC 21-14-2-8) \*\* After a state educational institution's tuition and fee rates are set, the state educational institutions may adjust the tuition and fee rates only if appropriations to the state educational institution in the state budget act are reduced or withheld. (IC 21-14-2-9) \*\* If a state educational institution adjusts its tuition and fee rates, the total revenue generated by the tuition and fee rate adjustment must not exceed the amount by which appropriations to the state educational institution in the state budget act were reduced or withheld. (IC 21-14-2-10) \*\* Concerning tuition and mandatory fees that a board of trustees of a state educational institution votes to increase: (1) After the enactment of a state budget, the commission for higher education shall recommend nonbinding tuition and mandatory fee increase targets for each state educational institution. (2) The state educational institution shall submit a report to the state budget committee concerning the financial and budgetary factors considered by the board of trustees in determining the amount of the increase. (3) The state budget committee shall review the targets recommended and reports received and may request that a state educational institution appear at a public meeting of the state budget committee concerning the report. (IC 21-14-2-12.5) In 2009, after the conclusion of the biennial budget session, the Indiana Commission for Higher Education provided its first tuition and fee recommendations for each of the state's public universities. After publishing their tuition and fee increases, universities were called before the State Budget Committee to justify their increased rates with particular focus upon institutions that eclipsed the Commission's recommendations.**

Please update for the new timeframe:

**No changes to report.**

#### IV. Tax Increases Averted

Estimate the degree to which State tax increases were averted because of the availability of SFSF funds.

Entry from previous timeframe:

**The State of Indiana would not have raised taxes in the absence of the SFSF-Education and Government Services Funds. Spending cuts were enacted for the biennium which helped the State end FY 2010 with reserves of \$830 million which are anticipated to be \$688 million for FY2011. These actions allowed those involved in the budget development to be more strategic in the incorporation of the SFSF Funds in the State FY 2010-11 biennial budget that was adopted in June 2009. In addition to spending cuts, cost savings measures have been studied. One such study determined that more effective and coordinated acquisition of health care benefits by Indiana LEAs could save \$450 million per year. Based on the results of these efforts, it is believed that additional spending cuts or postponing projects, some of which are being funded by the Government Services Fund, would have been pursued prior to any consideration of tax increases.**

Please update for the new timeframe:

## V. Jobs Saved or Created

In its quarterly reports submitted under section 1512 of ARRA, each State provided data on, among other things, the number of jobs estimated to have been saved or created as a result of SFSF support. The Department will use the information that has been reported to determine the number of jobs that have been saved or created. For the purposes of the Initial Annual Report, the State is not required to provide any additional information on the number of jobs estimated to have been saved or created.

Jobs Reported Saved or Created in the First APR:

	Reported Jobs for 02/17/09 - 09/30/09	Reported Jobs for 10/01/09 - 12/31/09	Reported Jobs for 01/01/10 - 03/31/10	Reported Jobs for 04/01/10 - 06/30/10	Reported Jobs for 07/01/10 - 09/30/10

## VI. Progress in Advancing Education Reform

### A. Reducing inequities in the distribution of highly qualified teachers:

Describe the steps that the State has taken, from October 1, 2010 through September 30, 2011, to reduce inequities in the distribution of highly qualified teachers.

Entry from previous timeframe:

The SFSF funds in Indiana were used to support general operational objectives of the schools. However, we report several strides in advancing education reform in this area that are not directly related to ARRA SFSF funds. Steps taken by the IDOE surround the following broad initiatives from approval of phase 1 SFSF application through September 30, 2010. 1. Communication: Provide clear consistent Highly Qualified Teachers (HQT) information easily understood by Indiana education stakeholders and their constituents, evidenced by data supplied at [www.doe.in.gov/hqt](http://www.doe.in.gov/hqt) and by consistent HQT message from SEA (Title I and Title IIA) to LEAs. a. Created HQT webpage with posted HQT information for clarification and consistency [www.doe.in.gov/hqt](http://www.doe.in.gov/hqt) (12/09). Implemented the updating of documents for clarification and consistency (i.e. HQT definitions, HQT requirements, HQT verification, HQT documentation, non-HQT action plans, HQT and special education teachers, HQT and English language learner teachers, etc.). Continued updating, revision, and clarification provided on an as-needed basis as questions are vetted during LEA, and other education stakeholder presentations via the [hqt@doe.in.gov](mailto:hqt@doe.in.gov) mailbox, and through telephone inquiries. b. Revised Title IIA application to include "Statement of Assurances" related to equal distribution of HQT (7/09). Planned for cross referencing percentage of core academic subjects not taught by HQT (as reported on certified position report) with Title IIA grant application,

with LEA follow-up relating to both high and low poverty LEAs (implemented 10/10). c. Planned HQT presentations at Indiana Non-Public Education Association Conference (implemented 10/10). d. Planned HQT brochure (implemented 11/10 and distributed to the LEAs through Title I monitoring visits, Title I conferences, Indiana Association of School Principals Conference, Indiana Non-Public Education Association Conference, informational presentations across the state, and posted on our HQT webpage). e. Planned HQT handbook (currently in process, to be distributed to each LEA and available on HQT webpage, 1/11). f. Created HQT Communication Plan (12/09), updated plan developed 12/10. g. Sent memos to LEAs, website communication on HQT documentation and reporting requirements. Holding 2141a and 2141c LEAs accountable for LEA HQT Improvement Plans (2141a LEAs) or LEA Accountability Agreements for Title IIA fund restrictions (2141c LEAs) (7/10). h. Provided Technical Assistance sessions for 2141a and 2141c LEAs (9/10). i. Planned for setting up Learning Connection Title IIA/HQT Learning Community, maintained weekly with announcements, Q & A, etc. (implemented and ongoing since 10/10). j. Planned for Title IIA Grant Application/HQT Information Sessions to be held yearly in the spring (will be implemented spring 2011).

2. Accurate HQT Data Collection and Reporting: Assure accurate SEA HQT data collection, LEA reporting, and SEA publishing of data. a. Planned WebEx on highly qualified teacher reporting requirements for Certified Position (CP) Report (implemented 10/10). b. Provide help desk for CP report (phone and Email support), ongoing. c. Planned new look of State and LEA report cards published on IDOE website, amended to include disaggregated data by high and low-poverty schools, the percentage of teachers on emergency permits or provisional credentials, and the percentage of core academic classes not taught by HQT (planning began 4/10, final completion 1/11).

3. LEA Monitoring: Ensure that 100% of teachers delivering the primary instruction in core academic subjects are highly qualified according to federal HQT requirements, evidenced by continual monitoring of LEA HQT goals and strategies. a. Planned for desktop, phone, and on-site monitoring protocols and scheduling for LEA Title IIA grant and HQT monitoring (implemented 10/10, ongoing). b. Planned for communicating monitoring requirements to LEAs prior to on-site and phone visits (to be implemented 3/11).

4. Collaboration: Ensure collaboration among IDOE agency staff and collaboration between IDOE and institutions of higher education (IHE). a. Created Indiana Equity Plan, published on the IDOE website (1/10) b. Formed Equity Task Force, an informal group of agency staff representing the various initiatives associated with the Equity Plan for Title IIA. With the Task Force in place, the Equity Plan will remain a dynamic guiding document toward ensuring the equitable distribution of highly qualified teachers and, therefore, will be updated on a regular basis and immune to staff attrition (9/10). Plans made to meet regularly for reporting, data analysis and strategic planning (has been implemented since 9/30/10). c. Networked with IHE on HQT requirements for Transition to Teacher Permit applications. IHE are no longer approving Transition to Teaching Permit applications unless their candidates have passed the Praxis II for elementary education (1/10). d. Emailed IHE Unit Heads and Licensing Advisors regarding HQT definition, verification, and documentation requirements.

Please update for the new timeframe:

**Please see below for the steps taken by the Indiana Department of Education (IDOE), from October 1, 2010 through September 30, 2011, to reduce inequities in the distribution of highly qualified teachers (HQT).**

**1. Communication**

a. State Educational Agency (SEA) updated and implemented the Highly Qualified Teacher (HQT) Communication Plan.

i. Objective-Communicate HQT federal definitions, requirements, verification, documentation and reporting to all Indiana Local Educational Agencies (LEAs).

ii. Message Summary- HQT requirement and definition language was tightened in order to ensure consistent HQT reporting as well as valid and accurate HQT data in LEA NCLB Report Cards. Additionally, IDOE provided a clear plan to LEAs for monitoring their HQT status, data reporting and how

they would obtain additional technical assistance. iii. Target Audiences- Indiana LEA school leaders, business managers, and human resource directors; Indiana institutions of higher education (IHEs) unit heads and licensing advisors; other education stakeholder groups as needed iv. Main Points of the Communication Plan- HQT requirements and Indiana HQT definitions for all teachers providing primary instruction in core academic subjects (CAS); required documentation for district personnel files; SEA HQT monitoring protocol b. SEA updated the HQT webpage to include and emphasize teacher effectiveness information and SEA initiatives. c. SEA created the Title II, Part A learning community on Indiana's online learning portal, Learning Connection, and it is updated regularly. This includes HQT and teacher effectiveness information, technical assistance, application materials, resources, and monitoring protocols. d. SEA sent an HQT handbook electronically to each LEA and posted it to the Title II, Part A learning community on Learning Connection. e. SEA created an HQT brochure and electronically disseminated this to LEAs through Title I monitoring visits, Title I conferences, Indiana Association of School Principals Conference, Indiana Non-Public Education Association Conference, and informational presentations across the State (during workshops on Title II, Part A application and HQT guidance). f. SEA provided HQT presentations at the Indiana Non-Public Education Association and the Indiana Association of School Principals yearly conferences. g. SEA updated the Indiana Equity Plan and posted it on the IDOE website. h. SEA initiated HQT and teacher experience equal distribution data sorted by low and high poverty as well as elementary and secondary schools put on public report cards (IDOE COMPASS website information). 2. HQT technical assistance to LEAs a. SEA provided process for HQT inquiries to be answered (designated an IDOE Educator Effectiveness and Leadership Department staff member to respond to questions). b. SEA provided process for HQT PRAXIS II/NTE content specialty test result inquiries and documentation for Indiana educators (designated an IDOE Licensing Department staff member to respond to questions). 3. LEA monitoring and reporting a. SEA initiated desktop, phone, and on-site LEA monitoring to include data regarding the equitable distribution of HQT and experienced teachers in high poverty schools. b. SEA provided WebEx in collaboration with IDOE Student Test Number (STN) data personnel on HQT requirements, verification, documentation, and accurate Certified Position data collection.
